RUBBER TAPPERS FOR SERVICE OVERSEAS.

Sir,

I am directed to state that 1500 Indian rubber tappers for the production of rubber are required for service overseas. They would be organised into units for the Army on the lines of the Indian States Labour Units but with overseas liability, and would be required to serve for the duration of the war after which they would be repatriated to India.

2. The Government of India think that there should be some trained tappers available in South India, either refugees from Malaya or others. I am accordingly to request that the Government of Mysore will kindly enquire and intimate the number of trained tappers, if any, in the State who are available and willing to undertake such service. As this information is required urgently by the Government of India, I am to request the favour of a very early reply.

I have the honour to be,
Sir,
Your most obedient servant,

SECRETARY TO THE RESIDENT.
